DETAILED ACTION

Affidavit

1. The affidavit under 37 CFR 1.132 filed in paper of 1/26/2004 is sufficient to overcome the rejection of claims 1-9 based upon a comparison of an etchant that is used in micro-etching copper with an aqueous solution of H_2O_2 , H_2SO_4 , a phenyltetrazole, and a chloride ion source in the presence and absence of benzene sulfonic acid. In the presence of benzene sulfonic acid, no prepreg swelling occurred, which resulted in exhibiting the required solder heat resistance at a copper concentration as high as 50 g/l, whereas in the absence of benzene sulfonic acid, prepreg swelling occurred and resulted in failure to exhibit the required solder heat resistance of the said copper concentration.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicants, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Vincent K. Shier on 2/6/04.

The application has been amended as follows:

Cancel non-elected claims 10-11.

Art Unit: 1765

3. The following is an examiner's statement of reasons for allowance: Applicants' presented persuasive arguments in Remarks (page 5, line 24 – page 6, line 22, of January 26, 2004), which show that the prior art of record fails to teach and render it obvious to combine benzene sulfonic acid along with H_2O_2 , H_2SO_4 , a phenyltetrazole, and a chloride ion source, in claim 1 and with the other limitations of claims 2-9, in an aqueous etching solution.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lynette T. Umez-Eronini whose telephone number is 571-272-1470. The examiner is normally unavailable on the First Friday.
